# RENAISSANCE FIGURES

You will create a multimedia slide show presentation that explains the life and accomplishment of a key Renaissance figure (Ch. 30) or key inventions during the Renaissance (Ch. 29). Use your notes from the section to guide your presentation.

## CONTENT

Your slideshow must include:

- The name of the person or section you are studying.
- Ch. 30: Key events of the person's life and their accomplishments.  
Ch: 29: Key inventions and contributions for the section studied.
- Explain why the person or inventions are important to the Renaissance time period as well as the impact of modern life.

## DESIGN

Your slideshow must contain:

- Style that is appropriate for the content.
- Images that match the content information mentioned above, you should use primary source documents.
- Music selection enhances your show.

## DIRECTIONS

1. Go to [www.animoto.com](http://www.animoto.com) and sign in using the email and password from your card.
2. Select the **create** button, upper-right corner.
3. Select a style that matches the topic then select **create video**.
4. In the first slide box select the **plus** sign then select **T** for text. Type in title (battle) and subtitle (connect to the lesson objective.) Select **done** then close the box by selecting the **X** in the upper left corner of the slide.
5. On the next empty slide box select the **plus** sign then select the **double squares** below for images. Scroll to the bottom of the image choices and select **image library** or video library, choose a picture then select **add 1 item**.
6. To select an image from the internet, download the image to the desktop, then upload the image to Animoto. Once the image is uploaded onto your slideshow, delete the image from the computer.
7. Hover over the slide with the image and then click on the word **caption**, then click on the **pencil**. Type in caption then select **done** and close the box.
8. When slideshow is completed, select **preview**, then enter title and description while the video is preparing. After viewing the preview, either select **publish** or continue editing.
9. Once the video is published, select email (blue envelope) and email your Animoto slideshow to me [brandi\\_gustafson@nbps.k12.nj.us](mailto:brandi_gustafson@nbps.k12.nj.us)
