REFORM MOVEMENT GLOG

Create a visual presentation using Glogster that explains the reform movement that your group has been assigned.

CONTENT:

Your slideshow must include:

- Conditions before the reform
- Leaders of the movement
- Reforms made

DESIGN:

Your Glog must contain:

- Images that match the content information mentioned above
- Graphics, Audio and/or Video that match or enhance your topic
- Layout that has format and/or flow, objects and text are not placed randomly/all over the place.

USING GLOGSTER:

1. Go to www.edu.glogster.com and sign in.
2. Select "Create New Glog"
3. Choose a **template** to work with. You will be able to change background and colors as you edit.
4. Select "**Wall**" then select either *Gallery* or *Solid Color* and choose a background.
5. Type text (content information) into Microsoft Word, check for spelling and grammar mistakes, then copy and paste the text into the text section of your Glog template. If you choose to use a different font color, make sure it is very legible (can be read.) Fill in all text boxes with the required information.
6. To change graphics select the graphics and choose a more appropriate graphic.
7. Insert images by first downloading images to the computer, then uploading to Glogster. Images may take a minute or two to appear so you can move on to another part while you are waiting. For primary source images (remember Ashley's Animoto) go to <http://www.loc.gov/index.html>, the Library of Congress official website.
8. To insert audio, select an appropriate piece of audio from <http://www.loc.gov/index.html> and once the audio is playing you can right click and save just like you would an image, then upload the audio to your Glog. I recommend that you first narrow your audio search to the time period you are studying to narrow down the audio files and options.
9. When completed **save** your Glog and name it: **Your Names and Topic**, then select either Finished (Final Save) or Unfinished (You will complete and save it later.) Copy the link that pops up and paste it into an email to me brandi_gustafson@nbps.k12.nj.us
